

Sustainability in Learning & Teaching Seminar Series

Title: Crucial Actions for a Sustainable Future: What to Do Next

Speaker: Dr Debra Rowe
President U.S. Partnership for Education for Sustainable Development

Abstract:

The presentation will provide resources and insights into how to:

- ✓ educate students to be change agents for sustainable development for systemic societal change
- ✓ increase awareness and preparation for green and sustainability careers
- ✓ provide key items for faculty and staff professional development
- ✓ include key components of quality sustainability assignments and
- ✓ align scholarly activities with the SDGs as an emerging trend.

As President of the U.S. Partnership for Education for Sustainable Development, Dr. Rowe helps the business, higher education and youth sectors create a better society. Debra works with UNEP on Green Jobs for Youth. She co-created Sustainability Education and Economic Development, Sustainability Improves Student Learning and the Sustainability Policy Partners Network.

Dr. Rowe leads two national higher education networks, the Higher Education Associations Sustainability Consortium and the Disciplinary Associations' Network for Sustainability. Debra's four decades of teaching includes Campus and Corporate Sustainability at University of Vermont, and renewable energies and psychology at Oakland Community College.

She is the author of many publications and keynote speeches. She received numerous awards, including USDOE's Clean Energy Education and Empowerment. Degrees: MBA, MA in Psychology, and PhD in Business from the University of Michigan; BA from Yale.
